

CURRENT LIST of MEDICAL LITERATURE

Vol. 8

Feb. 16, 1945

No. 7

SUBJECT GROUPS ACCORDING TO JOURNALS

- | | |
|--------------------------------------|---------------------------------------|
| 1. Anatomy; Histology | 26. Infectious Diseases; Epidemiology |
| 2. Anthropology; Ethno'ogy | 27. Medicine |
| 3. Archeology; Paleontology | 28. Metabolism |
| 4. Aviation Medicine | 29. Military and Naval Medicine |
| 5. Bacteriology; Parasitology | 30. Miscellaneous |
| 6. Biology; Embryology | 31. Neurology; Psychiatry |
| 7. Bone; Joint; Extremities; Muscle | 32. Nursing |
| 8. Cancerology | 33. Ophthalmology |
| 9. Cardiovascular System | 34. Otorhinolaryngology; Phoniatry |
| 10. Chemistry; Physics | 35. Pathology |
| 11. Dentistry; Stomatology | 36. Pediatrics; Child Welfare |
| 12. Dermatology | 37. Pharmacology; Pharmacy |
| 13. Diagnosis; Clinical Methods | 38. Physiology |
| 14. Dietetics; Foods; Nutrition | 39. Psychology; Mental Hygiene |
| 15. Digestive System | 40. Public Health; Sanitation |
| 16. Endocrinology | 41. Radiology; Phototherapy |
| 17. Forensic Medicine; Toxicology | 42. Respiratory System |
| 18. Genetics; Eugenics | 43. Surgery; Traumatology |
| 19. Gynecology; Obstetrics | 44. Therapeutics |
| 20. Hematology | 45. Tropical Medicine |
| 21. History; Biography; Bibliography | 46. Tuberculosis |
| 22. Homeopathy; Osteopathy, etc. | 47. Urology |
| 23. Hospitals | 48. Venereal Diseases; Sexology |
| 24. Immunology; Serology | 49. Veterinary Medicine |
| 25. Industrial Hygiene; Sociology | 50. Zoology |

1. Anatomy; Histology

Anat. Rec., 1944, 90: (Dec.)

- MITCHELL, A. J., & WISLOCKI, G. B. Selective staining of glycogen by ammoniacal silver nitrate; a new method. 261-6.
- RHINES, R., & WINDLE, W. F. An experimental study of factors influencing the course of nerve fibers in the embryonic central nervous system. 267-93, incl 3 pl.
- RIDDLE, O., RAUCH, V. M., & SMITH, G. C. Changes in medullary bone during the reproductive cycle of female pigeons. 295-305.
- DAVIS, D. E. The occurrence of burst atretic follicles in birds. 307-9.
- PAIN, W. R., & WOLFE, J. M. A cytological stain for the anterior pituitary gland involving the use of basic fuchsin. 311-4.
- FEINER, E. C., II. Renal lymphatics. 315-35, incl. 3 pl.
- SEALIE, A. R., FLOSS, W. R., & MARKS, E. M. The extrusive growth and attrition of the incisor teeth of *Erethizon dorsatum*. 337-41.

2. Anthropology; Ethnology

Am. J. Phys. Anthropol., 1944, n. ser., 2: (Dec.)

- ANGELO, J. L. A racial analysis of the ancient Greeks; an essay on the use of morphological types. 329-76.

6. Biology; Embryology

Arq. Biol., S. Paulo, 1944, 28: (Sept.)

- GARINI, A. Em casos de lesões suspeitas de sífilis primária, não iniciar logo o tratamento específico, antes é preciso um diagnóstico certo. 101-8.
- BIOCCA, E., & OTTENSCHÖFER, F. Estudos etno-biológicos sobre os índios da região do Alto Rio Negro Amazonas; grupos sanguíneos comuns e fatores M e N. 111-8.
- PEREIRA DE ALMEIDA, M. Sobre a possível recombinação do l-mentol pelos agentes racemizantes. 118-20.
- FARO NETTO, R. Cálculo do mentol na essência de hortela. 121-4.
- MIRÓ FILHO, M. Soro anti-alcoólico L. P. B. 125.

Rev. canad. biol., 1944, 3: (Nov.)

- SIMARD, L. C., & SIMARD, R. Hyperplasie des cellules sympathicotropes de l'ovaire avec syndrome hormonal. 388-407.
- STILE, R. L. Further data on the chemistry of the melanophore hormone of the pituitary gland. 408-17.
- WILLIAMS, H. L., & WATSON, E. M. A measure of the arginase activity of tissues. 418-25.
- WILLIAMS, H. L., & WATSON, E. M. The role of arginine in the reproduction and growth of rats. 426-41.

MELVILLE, K. I. The influence of theophylline and theobromine upon the acute toxicity of gold compounds in rats. 442-9.

- MAYER, N. Sur la nature des groupements actifs du système enzymatique de la glycolyse. 450-9.
- LABARRE, J., & FOUGERE, R. Variations protidiques spontanées dans les extraits de morue (*Gadus morrhua*). 460-73.
- DUGAL, L. P., DESMARAIS, A. /et al./ Hepatectomie partielle et résistance aux brûlures. 474-80.
- BONIN, W., FRAPPIER, J., & LARREE, A. Effet des variations du pH des solutions colorantes sur l'intensité de la coloration histologique. 481.
- BLAIN, A. La germination des trilles. 482-5.

8. Cancerology

Bol. Liga cancer, Habana, Ed. cien., 1944, 19: (Nov.)

- LAURA FARINAS, & GOMEZ, R. A. Diagnostico radiológico de los tumores del rinon. 161-72.
- RISCO, J. G. Anafilaxia y cancer. 173-9.
- FUSTE, R. Epitelioma calcificado. 180-6.

10. Chemistry; Physics

Biochem. J., Lond., 1944, 38:

- AHMED HASSAN MOHAMMED. Notes on the toxins of Egyptian scorpions. 284.
- SYNGE, R. L. H. Analysis of a partial hydrolysate of gramicidin by partition chromatography with starch. 285-94.
- THOMPSON, R. E. S., & WEITZNER, V. P. The esterases of skin. 295-9.
- KNOX, E., & FOLLOCK, M. R. Bacterial tetrathionase; adaptation without demonstrable cell growth. 299-304.
- IOCH, H. Chromatographic investigation of the B-carotene content of serum of the newborn infant. 304-8.
- NEUBERGER, A. The reaction between histidine and formaldehyde. 309-14.
- BARTON-WRIGHT, E. C. The microbiological assay of nicotinic acid in cereals and other products. 314-9.
- HARRINGTON, C. R., & RIVERS, R. V. P. Mono-iodotyrosine. 320.
- MARRIAN, G. F., & BUTLER, G. C. The isolation of Δ^5 -androsterone-3 (B), 16,17-triol from the urine of normal human males and females. 322-4.
- BAGE, S. J., CROOK, E. M., & WILLIAMSON, S. On arginase and its participation in urea synthesis in the liver. 325-32.
- LASER, H. The oxidative metabolism of *Ascaris suis*. 333-8.
- MANN, T. Studies on the metabolism of mould fungi; phosphorus metabolism in moulds. 339-45.
- MANN, T. Studies on the metabolism of mould fungi; isolation of pyrophosphate and metaphosphate from *Aspergillus niger*. 345-51.
- FRANKENTHAL, L., & BACK, A. The effect of x-rays on the respiration of fowl erythrocytes. 351-4.

Biochem. J., Lond., 1944, 38: Proc.

- DAWSON, J. Effect of vitamin B₁₂ on histidine excretion in urine. 17.
- HAPPOLD, F. C., & WATERS, J. W. The action of clavatin on certain enzyme systems. 17.
- CHATTAWAY, F. W., DOLBY, D. E., & HAPPOLD, F. C. Further observations on growth factors for *Lactobacillus casei*. 18.
- BARTON-WRIGHT, E. C., EMERY, W. B., & ROBINSON, F. A. Isolation from liver of new factors essential for the growth of *Lactobacillus helveticus* and *Streptococcus lactis* R. 18.
- JERKINS, C. N. The effect of mastication on ascorbic acid content of raw vegetables. 19.
- FRAZER, A. C., & SALMONS, H. G. The formation of lower glycerides during the hydrolysis of triglyceride with pancreatic lipase. 20.
- BADER, R., & SCHUTZ, F. On the temperature factor in adsorption on the solid-liquid interface. 20.
- HENRY, H. The chemistry of Gram-staining. 21.
- JAMES, S. P., & SMITH, F. The chemistry of gum tragacanth. 21.
- BRAY, H. G., HENRY, H., & STACKY, M. Observations on complex carbohydrates having blood-group specificity. 22.
- BADER, R., & SCHUTZ, F. Fractionation of fatty acids and bile acids from solutions of crude bile salts by adsorption on foam. 22.
- BRAY, H. G., & THORPE, W. V. The sampling of cooked cabbage for estimation of ascorbic acid in nutrition surveys. 23.
- HERBERT, F. K. The differentiation between prostatic phosphatase and other acid phosphatases in pathological human sera. 23.
- LARRIS, L. J., & MAPSON, L. W. Determination of ascorbic acid in presence of interfering substances by the continuous-flow method; preliminary control tests. 24.
- _____ & _____. Determination of ascorbic acid in presence of interfering substances by the continuous-flow method; tests with dehydrated vegetables, and with various raw and cooked fruits and vegetables. 25.
- BLASCHKE, H., & DUTHIE, R. Diamidines as inhibitors of enzyme action. 25.
- STEWMAN, E., & STEWMAN, E. The nature of the basic proteins of salmon cell-nuclei and its bearing on the chemical composition of chromosomes. 26.
- TOSIC, J., & MOORE, T. The chemical estimation of vitamin E. 26.
- LONG, C. Stabilization and estimation of pyruvic acid in blood samples. 27.
- MADINAVETIA, J., MARTIN, A. R. /et al./ Antibacterial activity of some antagonists of pantothenic acid. 27.
- MARTIN, A. R., & ROSE, F. L. Antibacterial activity of substances related to 4-aminobenzoic acid. 28.
